

PELICAN™
You break it, we replace it... forever.

9430 Remote Area Lighting System

Pelican's 9430 Remote Area Lighting System (RALS) is a compact, 22-pound, portable area lighting system with an extremely durable, water-resistant, polymer construction. Built with versatility in mind, the system features a swiveling telescope mast (extends to nearly 3 feet), a 360 degree articulated light array and a wide area handle for easy gloved grip and transport.

The 9430's 24 next-generation LEDs and dual power mode (with waterproof switch) radiates 2,000 lumens in high and 1,000 in low. Powered by a 15-hour rechargeable battery, the system offers up to 8 hours of peak brightness and takes 7 hours to be fully charged.

- Up to 15 hours of burntime
- 2000 lumens of brightness
- Maintenance Free LED Array with life expectancy of 50,000 hours
- Fully extendable mast with 360 degree rotating head
- Low Battery Warning System
- Waterproof Rubber Activation Switch
- Lock
