

NEW from Cascade Fire Equipment

The Cal Fire crew in Shasta County, California helped Cascade Fire Equipment design the Shasta Tool. The combination of a 4 tined rake and a sharp, curved shovel blade make it a highly effective tool for digging, clearing brush, and building fire lines.

- Heavy duty 1/8" high carbon steel blade
- Extended use and less maintenance in the field.
- Removable, replaceable head
- 48" strong, durable ash handle
- Made in the USA
- Black enamel finish for rust resistance.
- Heat treated for toughness and wear resistance
